TROPICAL CYCLONE BULLETIN NO. 27
Tropical Storm "DANTE" (CHOI-WAN)

Issued at 11:00 AM, 3 June 2021

Valid for broadcast until the next bulletin at 5:00 PM today.

HAZARDS AFFECTING LAND AREAS
<ul style="list-style-type: none">All Tropical Cyclone Wind Signals are hereby lifted.
HAZARDS AFFECTING COASTAL WATERS
<ul style="list-style-type: none">Gale warning is in effect over the northern and western seaboard of Northern Luzon (2.6 to 4.5 m). Sea travel is risky for small sea crafts over these waters.Moderate to rough seas (1.5 to 3.5 m) will be experienced over the western seaboard of Northern Luzon. Mariners of small seacrafts are advised to take precautionary measures when venturing out to sea. Inexperienced mariners should avoid navigating in these conditions.
TRACK AND INTENSITY OUTLOOK
<ul style="list-style-type: none">Over the West Philippine Sea, "DANTE" will continue moving generally north northwestward or northward in the next 12 hours before turning north northeastward tomorrow morning and northeastward tomorrow afternoon or evening. "DANTE" will be over the Bashi Channel tomorrow afternoon or evening."DANTE" is forecast to remain tropical storm in the next 12 hours. It will weaken into a tropical depression tomorrow and into a remnant low on Saturday.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

Unless an intermediate bulletin is released, the next tropical cyclone bulletin will be issued at 5:00 PM today.
